Today we were finally forced to leave our occupation site after 127 valiant days. We had been keeping stuff on the neighboring church but we knew that wouldn't last and they were gracious in their hospitality.

We are glad we will be replaced with winter wheat.

And we are waiting patiently for the decision by the Toll Brothers on the other site on West College/Blue Course.

Stay tuned!

We will take weekly pictures of the site as the farmer plants the crop and the wheat grows. Keep tuned for weekly updates and the progress on the site. Grow Wheat Grow!!!
