The Chamber of Business and Industry of Centre County has been involved in encouraging Nestle to site a water bottling plant in Centre County, purchase public water at \$4.75 per thousand-gallons and export the water for private sale at about \$7,500 per thousand-gallons.

(See, for example, E-mail 12; E-mail 13; Email re Jan. 4 meeting; E-mail 17. No minutes were kept for these meetings, despite the presence of elected and appointed government officials. 3.23.18 N. Corman RTK Letter; 3.23.18 N. Corman RTK Affidavit)

CBICC is also promoting the project at its website landing page.

If you'd like to let CBICC leaders and members know what you think of the plan, and CBICC's use of taxpayer funds to support it (through municipal annual dues for CBICC "government" memberships), you can comment at CBICC's Facebook page.
